

INTRODUCING

Sapphire™

CHAIRSIDE WHITENING SYSTEM

*Up to 12 shades brighter in one hour
or over 7 shades in 30 minutes.**

With over 20 years of experience as an innovator and leader in the industry, Den-Mat® is proud to introduce Sapphire Chairside Whitening.

The Sapphire Whitening System for chairside use also features:

- Results up to 12 shades brighter in 60 minutes or over 7 shades in 30 minutes.
- New Sapphire Desensitizing Enhancer shields patients from sensitivity.
- Safer power bleaching—No UV rays.
- Specially formulated to work with the Sapphire Plasma Arc Curing Light for optimum whitening.

*University of Buffalo—study available upon request.
